AVINASH KUSHWAHA

Software Engineering Team Lead

Dehradun, Uttarakhand, India | +91 9993729698 |avinashkushwaha06@gmail.com | LinkepdIn

PROFESSIONAL SUMMARY

Results-driven **Software Engineering Team Lead** with over 4 years of experience building scalable, high-performance fintech systems. Expert in **Java 21**, **Spring Boot**, and **Kafka**, with a proven track record in architecting Payment Gateway and Payout systems designed to handle **10,000 TPS** and **1 million+ users**.

TECHNICAL SKILLS

- **Languages:** Java 21, MongoDB ,SQL.
- **Frameworks/Tools:** Spring Boot, Microservices, Spring Security, Apache Kafka,.
- **Database Management:** MySQL (5.6 DBA Certified), NoSQL, Database Optimization, Caching.
- **Specialties:** System Architecture, API Design, Distributed Systems, Payout & Payment Gateway (PG) Systems, PCI-DSS Compliance.

PROFESSIONAL EXPERIENCE

SecurePay | Software Engineering Team Lead | Jan 2026 – Present

- Leading the architecture and development of a next-generation high-scale payment gateway designed for **10,000 TPS** and **1M users**.
- Managing a engineering team to deliver secure financial transaction services using **Java 21** and **Spring Boot**.
- Designing distributed event-driven workflows using **Apache Kafka** to ensure high availability and low latency.

SecurePay | Senior Software Developer | April 2025 – Dec 2025

- Designed and enhanced high-availability backend services for Payout and Payment Gateway platforms.
- Developed low-latency REST APIs using **Java 21** and **Spring Boot**, supporting secure financial transactions.
- Implemented **Kafka-based event processing** for real-time transaction state management and async workflows.

- Reduced API response times by **~40%** through strategic database query optimization and caching.
- Collaborated with Product, QA, and Ops teams to ensure zero-downtime releases following PCI-aligned practices.

Safexpay | Software Developer | Oct 2022 – March 2025

- Provided 24/7 production and banking support, ensuring system stability for business-critical applications.
- Executed seamless banking API integrations and resolved complex merchant technical issues.
- Developed new product features using Java, Spring Framework, and Angular JS.
- *(Previously served as Trainee Software Developer and Software Intern at Safexpay starting April 2022)*.

EDUCATION

- **Master of Science (MS), Computer Science** | Awadesh Pratap Singh University, Rewa (June 2022).
- **BCA, Computer and Information Sciences** | Awadesh Pratap Singh University, Rewa (June 2020).

CERTIFICATIONS

- **MySQL 5.6 Database Administrator**.
- **Problem Solving (Intermediate)** – HackerRank.
- **Java Basic & JavaScript (Intermediate)**.
